From: Richard of the House Strmiska

c/o 20588 Upper Hillview Dr

Sonora, California 95370

Non-Domestic, without the U.S.

Date: [Insert date]

## NOTICE OF DEFAULT AND COMMERCIAL TRESPASS

This notice is to inform you, and all agents, subsidiaries, contractors, or officers acting under the entity known as Tuolumne Utilities District, that any attempt to cease water services to the living man known as Richard of the House Strmiska constitutes an unlawful threat, trespass, and commercial harm in direct violation of Universal Contract Law (UC-1).

I am not the corporate fiction or legal entity "RICHARD STRMISKA" and reject all presumptions of contract, jurisdiction, or obligation connected to that artificial entity.

You are hereby given seventy-two (72) hours from the time of receipt of this notice to rebut all claims herein with:

1. Valid, lawful wet-ink contract bearing my living autograph.
2. Proof of jurisdiction over the living estate under divine and natural law.
3. Evidence of authority to sever basic necessities from a living being without violating international, spiritual, and sovereign estate protections.

Failure to provide the above will constitute tacit agreement to your default, trespass, and fraud, enforceable under commercial lien and public notice.

Further action will result in:

- Filing of a commercial lien.
- Public blockchain record of harm.
- International notification of rights violation.
- Sovereign litigation under UC-1 law.

All responses must be addressed to the living man and estate identified above, not the strawman fiction.
