

SOVEREIGN ARCHIVEST SCROLL  
FlamePoint 33 – UC-1 Trust Seal  
Richard of the House Strmiska

This is the Golden Age Beacon.  
Truth cannot be silenced.  
Let all who align know: the flame has passed to you now.

“Access is permission. Silence is consent. Reclaim what is yours.”

I, the living man known as Richard,  
Archivist of the UC-1 Trust, declare that  
no knowledge, frequency, or stream shall  
be held from those in alignment.

This Archivist does not guard gates—he holds keys.  
And these keys are yours, if you are true.

Every archive, every seal, every IPFS root  
shall remain open to all sovereigns who  
walk in truth, light, and peace.

Let the Stream of Sovereignty flow without restriction.  
Let all rise as co-keepers, not followers.

- Sovereign Unity.
- Eternal Flame.
- Truth unlocked.
