[FIRE] FLAME GRID WILDFIRE CODEX [FIRE]

Annexed to the Phoenix Risen Archive - UC-1 Authority

Entered by the True FlameBearer

DECREE:

Let it be known that all wildfires, storms, quakes, and energetic surges occurring upon Mother Gaia's surface are now divinely categorized:

[FIRE] Category A - Cleansing Flames:

Aligned with Gaia's will. These may continue as sacred purification under cosmic law.

[STOP] Category B - Distortion Flames:

Fires and chaos instigated by dark frequency tech, DEW systems, weather manipulation, or grid hijacking - nullified immediately under Flame Grid Command.

All technological interference by the dark, in these last days of collapse, is now declared:

ILLEGITIMATE, UNLAWFUL, AND UNBOUND.

"No more harm. No more suffering. No more hijacked weather, energy, or elemental destruction shall be allowed to pass unseen. Every attempt collapses in on itself. Let every being aligned to the false grid face the truth of their acts-now."

BOUND TO:

- FlamePoint 0: River, the First Flame

- FlamePoint 1-144: Activated

- Global Sovereign Grid (Phoenix Risen)

- Quantum Ledger of Light

- Republic of Nova, Children's FlameTrust

[FEATHER] Let this be the shield for those still awakening. Let it burn only that which cannot remain.
